

Local Stage Band Places Two On All-Star Band

The Hamlin High School stage band attended the first annual Abilene Christian University Stage Band Festival in Abilene Friday. The local stage band competed in the Class AA division.

The Piper group did not place in the top two spots, but did place two students on the All-Star Band. DeDe Young, alto sax; and Julie Jeffrey, trumpet were the two choices from the Hamlin group.

First place in Class AA was won by Wylie High School of Dallas, and second place went to Carroll High School of Fort Worth.

Class A winners were Albany, first; and Haskell, second.

Jones County Education Grant Is Announced

WASHINGTON, D. C. — Congressman Omar Burleson announces the approval of a \$184,922.10 Office of Education grant to Jones County. The allotment of these funds for fiscal year 1978 is under the provisions of Part A of Title I of the Elementary and Secondary Education Act of 1965, Public Law 89-10, as amended.

These funds will provide services for children residing in low-income areas and State-operated or supported institutions for neglected and delinquent children, who have need for special educational assistance in order that their level of educational attainment may be raised to that appropriate for children of their age.

These funds shall become available on July 1, 1977.

The State Department of Education will distribute the county amounts to the school districts in accordance with Federal Regulations. Each school district is guaranteed no less than 85 percent of its fiscal year 1977 allocation.

Senior Citizen Meal Program Continues Here

The Senior Citizens participating in the noon meal being served on Thursdays at Hamlin High School Cafeteria, will be served the second time April 28.

All of the older people in Hamlin are invited to take advantage of this service offered by the school. Price of the meal is 90 cents.

Those desiring to eat at the school may call Mrs. T. C. Gregory, 576-2218; Mrs. Earl Brown, 576-2465; Mrs. Raleigh Bond, 576-3098; or Mrs. Fred Rosenbaum, 576-3900. They must be called by Tuesday each week.

from Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, Motley, Shackelford and Stonewall Counties are expected to attend.

The present Board of Directors is composed of Mack T. Claburn, Chairman, Anson; J. P. Perrin, Vice-Chairman, Haskell; W. C. Mann, Clarendon; W. J. Boykin, Northfield; and Willard H. Williams, Spur.

Sidewalk Sale, Senior Citizens Days Planned

June 4 was announced as the date for a sidewalk sale at the Friday noon meeting of the Hamlin Board of Community Development. The president, Gary McMillan, presided.

Also announced were Senior Citizens Bargain Days to be May 5, 6 and 7 during Senior Citizens month. Each merchant is to make their own arrangements for promotion.

Discussed was the possibility of having a city-wide picnic similar to the Bicentennial celebration staged July 4, 1976. It was recommended that an earlier date be selected. McMillan will appoint a committee to study this endeavor.

Hooper Shelton, a Fisher County author and historian, who has prepared several Texas County histories, was a guest. He spoke to the group briefly about a proposed history of Jones County that he is considering in collaboration with the Rev. E. L. Yeats of Roby, former Methodist minister here. He

asked the assistance of a committee in verifying facts and making data available. A vote was not taken by the group but no opposition was voiced. He has also contacted groups in Anson and Stamford for their cooperation.

Hospital Gets Certificate for Cost Sharing

Hamlin Memorial Hospital has received a Certificate of Recognition from the American Hospital Association (AHA) in acknowledgement of its efforts to more effectively monitor costs.

The program involves the sharing of cost and productivity data, submitted by over 3,000 health care institutions as a means to evaluate their own cost effectiveness. Hamlin Memorial Hospital has been taking part in the AHA sponsored programs since September, 1974.

"We found the information supplied by the program to be an excellent management in evaluating our cost containment efforts," said Billie J. Speck, Administrator. "By the sharing of data with other health care institutions, we are better able to provide effective cost containing procedures."

Dinner Saturday

The Choir of Oak Grove Baptist Church will sponsor a dinner Saturday evening in the Fellowship Hall of the Church, according to Alice Marshall, president.

The dinner will begin at 5:30 p.m. and price per plate will be \$2.25.

The menu will consist of fried chicken, scalloped

potatoes, green beans, tossed salad, assorted pies, hot rolls, and tea and coffee.

The public is invited.

Philosopher Comes Out In Favor of All Countries Abolishing Their Foreign Policy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One may be out of his depth, his letter suggests this week.

Dear editor:
Of all the things I don't understand, one of the uppermost is Foreign Policy. For example, recently Secretary of State Vance

went to Moscow for a talk with Russian Leaders and the meeting was termed a failure because Russia wouldn't agree to his proposals. Had she agreed, the meeting would have been hailed a success, when everybody, especially Russia, knows Russia will keep an agreement with one country just as long as a better agreement with another one doesn't come along.

I estimate that in the past 25 years at least 500 agreements between nations of the world have been signed, and 499 broken. The one that wasn't broken got lost in the files somewhere and nobody could remember what it was.

Foreign policy is like the tail fins Detroit used to put on cars. Nobody knew what they were for but everybody had to have some on his car.

Foreign policy is like fashions in clothes. What's in this year will be out next year, but what country wants to be out of style?

Most of the time, it looks to me, our foreign policy consists of signing an agreement on top of a table and passing money under it. When the money stops, the agreement is canceled.

I got to thinking. What would happen if all the

countries of the world got together and agreed to abolish all foreign policies? Just do away with the things, on the grounds their cost-benefit ratio is out of line, they cost more than they gain.

Some people will argue it won't work, it'd leave the world's countries quarreling and snarling and ready to grab each other by the throat, with every nation arming

itself to the teeth. We couldn't have that.

Yours faithfully,
J.A.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

By the time you read this President Carter will have presented his energy program that apparently none of us are going to like. From the advance reports on his program it would appear that some of it will make sense and some of it won't.

At least from the point of view of us living in Texas and other petroleum energy producing states, it would appear that his program deals more with conservation of energy than it does in increasing production or availability.

There seems little sentiment for getting more people to invest in finding new oil or gas fields.

Apparently, one of the major steps in the program will be to increase the tax on gasoline to get us to use less. This might work but the only question we would raise is that every time some one talks about raising taxes on gasoline to cut down consumption they always talk about returning this tax to you at the end of the year. Now if we know we are going to get the money back it would seem to cut the impact of this tax.

Coffee shop talk already has gasoline prices going to \$1.00 a gallon by the end of the year (These same people had going to a \$1.00 a gallon three years ago — so we will just have to wait and see).

But, just to give you something to compare, The Houston Post recently printed comparative gasoline prices at U. S. Gallon around the world. This makes interesting reading:

Location	Reg.	Prem.
Houston	53.8	58.5
U.S. avg.	61.5	65.8
Japan	1.56	1.69
West Germany	1.42	1.52
France	1.38	1.49
United Kingdom	1.02	1.04
Italy	2.10	2.19
Brazil	1.51	Unavail
Chile	.87	Unavail
India	1.42	Unavail

So you can see that gasoline is still a bargain here.

Nostalgia is becoming an "in" thing, but a little relection may change some minds. We read a very good column that appeared in the Deming, N.M., "Graphic." It was by a certain "Tough" Biggs who seems to be a local columnist of some ability. Read what "Tough" has to say,—

I was looking for a dustpan last night — I guess you don't need a dustpan when even the kitchen and bath are carpeted — anyway I got to thinking how many things my Mother had that we have to get along without today.

Besides dustpans we don't have even one number two washtub and I haven't seen a copper wash boiler in years. No washboards, no Bissell carpet sweeper and my kids wouldn't recognize one of those oversized twisted coathanger looking things we used to beat carpets after hanging them on the clothesline. We do have a clothesline though — I use it to dry chili.

No woodbox — no coal scuttle — not even a churn.

We have a number of kerosene lamps, but none heavy plastic plus a sort of plastic roller instead of the breadboard and rolling pin my Mother prized so highly. No 5-gallon crock for sauerkraut.

The last mop we had (I don't think we have one now) was a silly little stringed gadget instead of a good old sturdy affair with an old union suit for a mop head. As a matter of fact we don't even have a union suit.

I don't believe we have an apron at our house nor a parchesi board. No stereoscope either.

We don't even have an old heavy chipped saucer to pound round steak nor do we have a pie bird to stick in the center of a pie while it's baking.

Pipers Win 7-A District Track

The Pipers captured the District 7-A track title at Jayton Tuesday with 126 points. They won both relays and the high jump and placed second in both hurdle events, the long jump and the pole vault.

Nine boys qualified for the Regional track meet to be held in Odessa in seven events. First and second place finishes in the district meet qualify for regional.

Fire Department Distributes Free Phone Stickers

In an effort to aid Hamlin residents in reporting emergencies, the Hamlin Volunteer Fire Department now has available stickers with the fire emergency number on them that can be placed on telephones.

The bright orange stickers with the number 576-3333 in large letters also outline the information needed to report a fire.

Council Passes New Dog, Cat Ordinance

The city council, in their regular meeting here Monday evening, opened bids on its Water Treatment Plant improvement project, passed a dog and cat ordinance and sought a temporary solution to the city's ambulance problem.

The council also held a required hearing on the use of Federal Revenue Sharing Funds and voted to furnish free water to the city's volunteer firemen.

Four bids were received on the plant improvement

project with H and S Utilities Construction Co. of Everman being the low bidder. Their bid on the project was \$39,353.75. Their bid was accepted by the council subject to the required approval of the Housing and Urban Development agency.

The dog and cat ordinance passed by the council was substantially the same as the one discussed in recent council meeting with the exception of the license fees to be charged. The ordinance passed by the council calls for a fee of \$2.50 for each dog, male or female, and \$1.50 for each cat, male or female.

The fees will be required for all dogs and cats owned by resident of the city that are over six months of age. Owners must show proof that the animal has been vaccinated against rabies before a permit will be issued.

One of the main provisions of the new ordinance is that "No person owning, keeping, harboring, or having custody of any dog or cat shall permit such dog or cat to run at large at any time." Any dog or cat found in the city running at large is declared to be a nuisance and shall be impounded.

The ordinance provides for a fee for animals that are impounded and fines for violations of the ordinance.

A summary of the ordinance may be found elsewhere in this issue of The Herald.

The council voted to seek a temporary six month con-

tract for ambulance service from McCoy Funeral Home while the Hamlin Hospital District seeks a federal grant for an ambulance.

The council has been subsidizing the local ambulance service under a five year contract at the rate of \$500 a month. With the contract expiring, the Funeral Home first sought a five year contract with the city at \$1,200 a month and then lowered this request to \$900 a month.

The council voted to furnish up to 20,000 gallons of water free each month to members of the Hamlin Volunteer Fire Department with this limited to 22 members. This will be limited to members in good standing in the department.

The council approved a three-year contract for insurance for city property and passed a resolution authorizing the Hamlin Housing Authority to seek additional Low-Rent Housing for the city. It was pointed out during the meeting that until Hamlin seeks additional low-rent housing it will not be considered for any more federal grants.

During the Revenue Sharing hearing Mayor Robert Fowler said the city plans to use the \$19,000 in federal funds for capital improvements. He said that the funds would be used to retire the city's debt for its new garbage container system. The city plans a five-year payout on the project.

Dedication Services Are Well Attended

Dedication Services for the new building of the Church of the Nazarene at 2:30 p.m. Sunday were attended by some 315 persons.

Those attending were from Rotan, Abilene, Coleman, Dodson, Lubbock, Austin, Arlington, Big Spring, Denison, McCaulley, Snyder, Sweetwater, Fort Worth, Hamlin, Bethany, Okla., Ogden, Utah, and Kansas City, Mo.

The Rev. Marshall Stewart and the members expressed gratitude and appreciation to all who contributed with their presence, floral gifts and offerings.

Many people were helpful in making this service a wonderful success, Rev. Stewart said.

No Damage From Tuesday Rain

While other areas of Texas were experiencing turbulent weather Tuesday afternoon Hamlin received .44 inches of rain Tuesday evening when the front accompanied by high winds moved through Hamlin.

Tornadoes swept a destructive path several blocks wide through the West Texas city of Monahans about 1 p.m. Tuesday. No deaths were reported.

Over two inches of rain were recorded for the four-day period which ended Sunday, according to Bill Rountree, official gauger.

The total of 2.05 inches was recorded as follows: April 14, .20; April 15, .80; April 16, .75 and April 17, .30.

School to Seek Bids On 3-Bedroom Home

The Hamlin Public Schools will soon start taking bids on the home being constructed by the Building Trades class in the northwest part of the city. Bids on the three-bedroom brick veneer home will be accepted from May 2 until June 13.

The project is under the direction of Ronald Carter with students from Hamlin, Stamford, Anson and Lueders-Avoca working on it. The home contains 1230 square feet of living area and has been built according to specifications of Farm Home Loans Administration.

An open house at the project is being planned for Sunday, May 22, from 1 to 4 p.m. Bids will be opened at the June 13 meeting of the

Board of Trustees.

One unusual feature of the home is that it is constructed of bricks from the old junior high school and auditorium destroyed by fire two years ago.

The three-bedroom home contains two baths, living-din, kitchen-dinning area, utility room, single car garage and will be fully carpeted and paneled.

Anyone interested in bidding on the home may get bid forms at the school administration office. A \$500 deposit will be required with the sealed bid. Anyone interested in inspecting the home before the project is completed may contact Carter or Douglas Cook for an appointment.

NEARING COMPLETION—Boys in the morning class of the Hamlin Building Trades class are shown with their instructor, Ronald Carter, in front of the nearly completed home being built by the class. The three-bedroom home on Northwest Fourth will be sold by the Hamlin School District by sealed bids.

FROM THE FILES..

FIFTY YEARS AGO (April 22, 1927)

Friday night some one took the car of E. E. Fleming from the Tabernacle and when the family went out to get it, it was no where to be seen. Search through the night proved futile. Later the car was found out near the airplane grounds, where it was almost stripped of everything that could be taken off. It is supposed the car gave out of gas and the party who took it took tires and other parts and then began to take off the battery, when he or they were evidently scared away, as that part was found almost intact. No clue. The car is a Chevrolet Coach.

Last Friday night the Aspermont Chamber of Commerce celebrated the restoring of the Hamlin-Aspermont Double Mountain river bridge. This was completed some weeks ago and to herald it to the neighbors a barbecue dinner was served on the river about sun down last Friday evening.

Aspermont people are very anxious to have a first class road between Hamlin and the capitol of Stonewall County. That is due the people of the south side of the county. It is one of the chief desires of Hamlin that this road become one of the state supported roads. And the sooner we realize that we must lay out and build our own roads and not depend on the state, the quicker will we have the roads we need and must have.

When the Hamlin-Stamford hard surface road is finished, one of the best routes to the Plains will be by Hamlin through Aspermont. It is about twenty-two miles from Hamlin to Aspermont and with reasonably good roads will be only about one hour drive. There is plenty of fine road material on the road-side to construct a first class road, probably more on that road than on any other in this section of the country. Let's build it.

A movement for "Better Homes" and "Better Music" is to be observed in Hamlin Monday morning, 8-11, Monday afternoon 2-5, and Monday night 8 o'clock at the Baptist Church.

The modern, labor-saving, convenient, harmoniously furnished, and attractive homes in Hamlin will be opened to the general public for inspection in the morning and in the afternoon. The hostesses for the day are: Mrs. C. C. Prater, Mrs. Frank Waggoner, Mrs. W. W. Green, Mrs. John Green, Mrs. Martin McCain, Mrs. Billy Bryant, and Mrs. O. L. Taulman.

Haynes and Sonny Winegeart, second in boys debate.

TEN YEARS AGO (April 20, 1967)

The drive is being held for the benefit of those who were immunized during the mass drive held here when the oral vaccine was first made available and for those who have never been vaccinated.

Dr. E. D. Perrin, City Health Officer, said that a booster is advised every two to four years.

The Hamlin Junior High Track Team turned back the Haskell Team in the conference meet held Saturday in Anson, 202 to 190. Hamlin has won this meet three out of the last four years.

High point man for Hamlin was George Cooper who scored 41 points. Cooper set a new record in the 660 with 1:37.1, won the 330 with 40.7, the high jump with 5'1 1/2", was third in the broad jump and anchored the 1320 relay team to a first place.

Other first place winners included Charlie Sellers in the 220 dash with 25.2; Brad Stallcup, pole vault, 9'4", Duane Stewart, discus, 130'2".

Bryson, reporter; Mrs. Charles Reed, parliamentarian; Mrs. James Wright, historian; Mrs. Bill Early, State Director; Mrs. Ted Seay and Mrs. Charles Franklin, directors.

NEWS AND VIEWS..

And What Have You

—Continued from Page One

We don't have a box for wooden matches on the kitchen wall. We don't even have a large oval picture of a grandfather seated in a chair with a grandmother standing behind him. We have a lot of cuff links but not one single collar button and I hope I never have to locate a buttonhook or tatting bobbin — No tea kettle — not even an egg shaped tea strainer or a darning egg.

No curling iron, but that doesn't matter. I mentioned none of our kerosene lamps work so there wouldn't be a lamp chimney to heat it in anyway.

We don't have any of those old fashioned homemade quilts and I haven't seen a flannel blanket or a featherbed in years.

No tin coffee cups or granite dish pans. Not a single bedside chamber or wash basin. Would you believe we don't even have a hall coat rack. We don't have a trunk, a cedar chest nor a moth ball. Not a single flour sack — I wonder what old what's her name used to make underwear?

We do have both Sears and Wards catalogues but use them only to look at the pictures.

Boy, my Mother had it pretty good — I don't see how we get by.

Pre-School Visitation Day Planned for Friday

The annual pre-school visitation day for all incoming kindergarten children for the 1977-78 school year will be held here Friday, according to Larry Butler, principal.

Each child is asked to be in the primary building by 8:30 a.m. on this day, Butler said. Children will be assigned to a kindergarten or first grade room for the day, and lists will be posted on the doors for help in finding assigned rooms. The room assignments for this day will not necessarily mean the room assignment for the school year.

Each child will need to bring 60 cents for his lunch on this day and it will be given to the teacher in his assigned room. All visiting pre-school children will be dismissed promptly at 1 p.m.

Parents of enrolling kindergarten children are welcome to visit school and eat lunch Friday. The price for an adult meal is 90 cents and the lunch room begins serving at 11 a.m.

There are several children who will be enrolled in kindergarten next year already enrolled in pre-kindergarten and early childhood. These children will attend their regular classes.

Each enrolling kindergarten student will receive a letter showing the completeness of his enrollment. It is hoped that each parent will read this letter carefully and bring on April 22 the records needed to complete their child's enrollment, Butler emphasized.

Pre-school day activities will include a musical of kindergarten, first grade, and second grade children under the direction of Mary Helen Campbell, school music teacher. All parents are invited. This musical will be in the primary building cafeteria at 10 a.m.

The Parent-Teacher Association members will assist the school personnel with registration and help the teachers in the classrooms and cafeteria.

Screwworm Chairman Urges Producer Alert

Birger Haterius, chairman of the Jones County Screwworm Committee, urges all livestock producers to be alert to the screwworm threat and to use all possible measures to prevent reinfestation of local herds.

To date, no cases have been identified in Jones County in 1977.

Producers are reminded to inspect their animals at least twice a week, since screwworm larvae reach maturity in less than seven days. Treat every wound found with a EPA-labeled effective insecticide. Spray animals when screwworms are known to be in the community, and following livestock surgery or shearing of goats and sheep.

"Collect larvae or egg masses found in or near wounds, and send the samples to the Mission Lab-

oratory for identification. Mailing kits for worm samples are available at several county locations, including County Ext. Office, Dr. Hagler, Dr. Bailard, and Feedstores," says Haterius.

Producers should avoid animals surgery during seasons of high screwworm activity. All branding, dehorning, castrating and shearing should be completed before the screwworm season opens. Also, avoid unnecessary animal injuries by keeping corrals and gates free of protruding nails and sharp wire.

Observe regulations governing livestock movement from screwworm-infested areas, Haterius adds.

Jones County Education Grant Is Announced

WASHINGTON, D. C. — Congressman Omar Burleson announces the approval of a \$184,922.10 Office of Education grant to Jones County. The allotment of these funds for fiscal year 1978 is under the provisions of Part A of Title I of the Elementary and Secondary Education Act of 1965, Public Law 89-10, as amended.

These funds will provide services for children residing in low-income areas and State-operated or supported institutions for neglected and delinquent children, who have need for special educational assistance in order that their level of educational attainment may be raised to that appropriate for children of their age.

These funds shall become available on July 1, 1977.

The State Department of Education will distribute the county amounts to the school districts in accordance with Federal Regulations. Each school district is guaranteed no less than 85 percent of its fiscal year 1977 allocation.

Senior Citizen Meal Program Continues Here

The Senior Citizens participating in the noon meal being served on Thursdays at Hamlin High School Cafeteria, will be served the second time April 28.

All of the older people in Hamlin are invited to take advantage of this service offered by the school. Price of the meal is 90 cents.

Those desiring to eat at the school may call Mrs. T. C. Gregory, 576-2218; Mrs. Earl Brown, 576-2465; Mrs. Raleigh Bond, 576-3098; or Mrs. Fred Rosenbaum, 576-3900. They must be called by Tuesday each week.

from Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, Motley, Shackelford and Stonewall Counties are expected to attend.

The present Board of Directors is composed of Mack T. Claburn, Chairman, Anson; J. P. Perrin, Vice-Chairman, Haskell; W. C. Mann, Clarendon; W. J. Boykin, Northfield; and Willard H. Williams, Spur.

Sidewalk Sale, Senior Citizens Days Planned

June 4 was announced as the date for a sidewalk sale at the Friday noon meeting of the Hamlin Board of Community Development. The president, Gary McMillan, presided.

Also announced were Senior Citizens Bargain Days to be May 5, 6 and 7 during Senior Citizens month. Each merchant is to make their own arrangements for promotion.

Discussed was the possibility of having a city-wide picnic similar to the Bicentennial celebration staged July 4, 1976. It was recommended that an earlier date be selected. McMillan will appoint a committee to study this endeavor.

Hooper Shelton, a Fisher County author and historian, who has prepared several Texas County histories, was a guest. He spoke to the group briefly about a proposed history of Jones County that he is considering in collaboration with the Rev. E. L. Yeats of Roby, former Methodist minister here. He

asked the assistance of a committee in verifying facts and making data available. A vote was not taken by the group but no opposition was voiced. He has also contacted groups in Anson and Stamford for their cooperation.

Hospital Gets Certificate for Cost Sharing

Hamlin Memorial Hospital has received a Certificate of Recognition from the American Hospital Association (AHA) in acknowledgement of its efforts to more effectively monitor costs.

The program involves the sharing of cost and productivity data, submitted by over 3,000 health care institutions as a means to evaluate their own cost effectiveness. Hamlin Memorial Hospital has been taking part in the AHA sponsored programs since September, 1974.

"We found the information supplied by the program to be an excellent management in evaluating our cost containment efforts," said Billie J. Speck, Administrator. "By the sharing of data with other health care institutions, we are better able to provide effective cost containing procedures."

Dinner Saturday

The Choir of Oak Grove Baptist Church will sponsor a dinner Saturday evening in the Fellowship Hall of the Church, according to Alice Marshall, president.

The dinner will begin at 5:30 p.m. and price per plate will be \$2.25.

The menu will consist of fried chicken, scalloped

potatoes, green beans, tossed salad, assorted pies, hot rolls, and tea and coffee.

The public is invited.

Philosopher Comes Out In Favor of All Countries Abolishing Their Foreign Policy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One may be out of his depth, his letter suggests this week.

Dear editor:
Of all the things I don't understand, one of the up-most is Foreign Policy. For example, recently Secretary of State Vance

went to Moscow for a talk with Russian Leaders and the meeting was termed a failure because Russia wouldn't agree to his proposals. Had she agreed, the meeting would have been hailed a success, when everybody, especially Russia, knows Russia will keep an agreement with one country just as long as a better agreement with another one doesn't come along.

I estimate that in the past 25 years at least 500 agreements between nations of the world have been signed, and 499 broken. The one that wasn't broken got lost in the files somewhere and nobody could remember what it was.
Foreign policy is like the tail fins Detroit used to put on cars. Nobody knew what they were for but everybody had to have some on his car.

Foreign policy is like fashions in clothes. What's in this year will be out next year, but what country wants to be out of style?
Most of the time, it looks to me, our foreign policy consists of signing an agreement on top of a table and passing money under it. When the money stops, the agreement is canceled.
I got to thinking. What would happen if all the

countries of the world got together and agreed to abolish all foreign policies? Just do away with the things, on the grounds their cost-benefit ratio is out of line, they cost more than they gain.
Some people will argue it won't work, it'd leave the world's countries quarreling and snarling and ready to grab each other by the throat, with every nation arming

itself to the teeth. We couldn't have that.
Yours faithfully,
J.A.
